Making Life Easier

American Brokerage Company Platinum Advisor Group

Exclusively for Commission or Production-Based Advisors

We have restructured our bonus plan to make your rewards even easier!!

By placing your business with any combination of our qualifying carriers, each policy you place puts you another step closer to the next reward. When your total annualized commissionable premiums meet the bonus levels, you qualify for the reward! As you reach each level, you receive your next reward. Once you reach our Gold Level, you will get not only the reward for that level, but we will pay a bonus percentage on every policy you sell. When you hit the Platinum level, the bonus percentage grows even more!
